

RECOVERLAB @ ENGELMED

Disclaimers

1. General Wellness Disclaimer

RecoverLab @ Engelmед provides non-medical wellness services. MedWave™ Narrow Light Therapy and vibration therapy are not intended to diagnose, treat, cure or prevent any medical condition. These services should not be used as a substitute for professional medical care, diagnosis or treatment. If you have an existing medical condition or concern, please consult your healthcare provider before starting any wellness programme.

2. Biokinetics Scope of Practice Disclaimer

Although RecoverLab is operated by a qualified Biokineticist, the services offered – including MedWave™ therapy and vibration therapy – are not biokinetics treatments and do not fall under the biokinetics scope of practice. No biokinetics claim codes are used and no medical aid billing is submitted. All sessions are offered strictly as private wellness services.

3. Medical Aid & Claims Disclaimer

RecoverLab does not submit claims to medical aids. All sessions are private-pay wellness treatments and are not eligible for reimbursement under biokinetics, physiotherapy or any other medical benefits.

4. SAHPRA & FDA Compliance Disclaimer

MedWave™ is an FDA-cleared device for low-level red light applications and is registered with SAHPRA as a Class B & C device. Regulatory registration does not imply clinical efficacy for all conditions nor suitability as a medical treatment. All services remain wellness-based and non-medical.

5. Contraindications & Safety Disclaimer

Certain medical conditions may require caution or formal medical clearance before undergoing light or vibration therapy. These include, but are not limited to:

- Pregnancy
- Active cancer
- Uncontrolled diabetes
- Severe cardiovascular disease
- Epilepsy
- Open or bleeding wounds

Clients must disclose all relevant medical conditions prior to treatment for safety purposes.

6. Results Disclaimer (Including Body Contouring & Inch Loss)

Individual results vary. Outcomes related to body contouring, inch loss, recovery, and skin health depend on various factors including hydration, metabolism, lifestyle, and consistency of sessions. RecoverLab makes no guarantees regarding specific results.

7. Wound Care Disclaimer

Wound care sessions offered at RecoverLab support the body's natural healing process through light-based wellness therapy. These services are not a replacement for medical wound management, antibiotics or primary clinical care. Clients must continue to follow medical advice provided by their healthcare providers.

8. Injury & Fitness Disclaimer (Vibration Therapy)

Vibration plate therapy involves physical activity. Clients with injuries, balance challenges or underlying medical conditions should consult a healthcare provider before participation. Engagement in vibration therapy is voluntary and at the client's own risk.

9. Consent & Responsibility Disclaimer (Applies to All Bookings)

By booking a session with RecoverLab, you acknowledge and agree that:

- All treatments are wellness-based and non-medical.
- You are responsible for disclosing all relevant medical conditions.
- You assume full responsibility for your own health, safety, and participation.

10. Marketing & Educational Content Disclaimer

All marketing content, including social media posts, educational materials and website information, is provided for informational and wellness purposes only. It does not constitute medical advice. Always consult a qualified healthcare professional for any medical concerns.
